

Hard Luck Hounds Adoption Application

Adoption Guidelines

1. To be considered for pet adoption please provide the requested information and documents.
2. Our mission is to place adoptable pets into loving homes where they will be provided with ongoing nurturing, veterinary care, training and supervision. Our selection process will focus on these aspects of compatibility.
3. There may be an adoption fee to partially offset expenses incurred for medical care and housing.
4. Adoption fees are used to fund the Hard Luck Hounds Rehabilitation Scholarship which provides funding for therapeutic rehabilitation to qualified rescue pets awaiting adoption.
5. Our expectation is that an adoptive home has an established relationship with their family veterinarian and they are willing to continue providing recommended preventive care. First time adopters will not be excluded from consideration.
